RED IS THE COLOUR OF LOVE
RED IS THE COLOUR OF SIN
RED MAKES YOU STOP
RED PLAYS WITH ALL YOUR SENSES

Glamorous, electrifying, hedonistic, sensual and luxurious – this is how Roomers feels, in the midst of the Westend area.

Leave dusty event locations behind!

Step into our award winning RED, our super special event room. An extraordinary setting submerged in scarlet-red tones, red wood, soft red panelling and a fully programmable illuminated cassette-ceiling, to transform RED into a mesmerising private club.

Yossi Eliyadoo, co-founder of the THE ENTOURAGE GROUP and creative mastermind of the IZAKAYA restaurants, has created a perfect mix with the room in room concept of RED in IZAKAYA Asian Kitchen & Bar: Event location and private club in one, attractive during the day as well as during the whole night until dawn...

RED is inspired by the vibrant Amsterdam nightlife and the unique charm of the international club scene inherited from the legendary Studio 54 in New York.

What happens in RED, stays in RED...

RED is red. Velvet red. 40 seats on velvet stools and benches, glossy lacquered tables, red floor, red walls.

The slightly raised DJ desk is the optical center and divides the room into two areas: Dance floor and lounge.

Highlight of the RED interior design: The light installation in the ceiling - divided into squares, the light "wanders" from the inside to the outside or over the entire length. The light is run by the beat and the other way around.

RED is the exclusive location for your company or private event, product presentations, photo shootings and much more, with the focus on highest quality, extraordinary service and absolute privacy.

Based on your requirements, we create a tailor-made offer for you and provide you a full service package: bar, service, catering, security, decoration, technology, DJs,
